Eagle Roofing Products Earns Industry Accolades As Roof Of Choice For Numerous Award-Winning Homes

RIALTO, Calif., Sept. 17, 2007 –Eagle Roofing Products, a division of Burlingame Industries, is proud to announce it is the preferred roof tile manufacturer of choice by industry award-winning architects and builders. A variety of Eagle’s concrete roof tile products were recently showcased on twelve homes winning this year’s Gold Nugget and Builder’s Choice Awards.

Gold Nugget Awards

Among its most recent accolades, Eagle Roofing Products was specified as the preferred roof tile for nine homes that won Gold Nugget Awards, an annual honor saluting the best architecture and community planning in 14 Western states and international market. The premier event of Pacific Coast Building Conference (PCBC), this year’s 44th annual Gold Nugget Awards celebrate projects that transcend the norm and reshape the housing landscape of the west. Of the 15 aesthetically diverse homes using tile roofs, Eagle Roofing Products had been selected to protect and beautify 60 percent of the winners, more than any other concrete or clay roof tile manufacturer.

A variety of Eagle’s roof tile profiles were showcased on winning projects in a diverse range of categories including six separate awards honoring “Best Single Family Detached Home” of various square footage and lot size, “California Green Building Residential Project,” “Best Neighborhood Site Plan,” and “Best Community Site Plan.” Historically, Eagle is the concrete tile manufacturer with more Gold Nugget Awards than any other. Eagle is proud to have continued this tradition in 2007.

Builder’s Choice Awards

The company’s concrete roof tile products also were specified and installed on three winning home designs in this year’s 27th annual Builder’s Choice Awards. The Builder’s Choice Design Awards are part of the industry’s oldest, largest and one of the most prestigious national housing design competitions in the industry. Winning projects will be officially announced in the October issue of Builder Magazine.

“We are extremely proud to continually be specified as the roof of choice by some of the best architects and builders in the industry,” said Kevin Burlingame, president of Burlingame Industries. “The building industry’s recognition and respect for the overall design of these projects reflects Eagle’s commitment to producing quality roof tile and accessories that complement the aesthetic beauty of any style of home or commercial property. These accolades are further proof that award-winning homes are built with award-winning products.”
